ABOUT ME

- Programming is my passion
- I love learning, and expanding my knowledge in any interesting field
- I am open to, and I would like to learn new programming languages
- I learn fast, and I find a lot of joy helping others in their struggles
- I love English, I use it every day, and sometimes I think I know more English vocabulary than I do Spanish
- I am open to changes in field, especially to cybersecurity and artificial intelligence
- The experience below mentioned refers to work and studies experience
