ABOUT ME

I am a fast learner passionate about IT, networking, and software development.

I have strong problem-solving skills, experience managing servers, and a growing interest in automation and cloud technologies.

I am fluent in English (C2) and adaptable to new environments and challenges.

LANGUAGES

- SPANISH (NATIVE)
- ENGLISH — C2 (NEAR-NATIVE FLUENCY)
  CERTIFICATE: CAMBRIDGE C1
- FRENCH B1
- RUSSIAN A1

EDUCATION

2022-2024 (ASIR)
FP GRADO SUPERIOR
ADMINISTRACIÓN DE SISTEMAS INFORMÁTICOS Y REDES
(ADMINISTRATION OF INFORMATIC SYSTEMS AND NETWORKS)

2019-2021
BACHILLERATO DE CIENCIAS TECNOLÓGICAS
IES CELIA VIÑAS

SKILLS

Networking & Systems
- Network administration, configuration
- Ansible
- System maintenance
- Hardware installation
- Troubleshooting

Development
- JavaScript, TypeScript
- Node.js
- Angular
- API development
- Basic coding skills

Automation
- n8n
- Scripting (Bash, PowerShell)

Databases
- MySQL / MariaDB
- SQL

Soft Skills
- Communication skills
- Teamwork
- Problem solving

WORK EXPERIENCE

IkosTech — Network Administrator & Systems Engineer
August 2024 – June 2024

- Configured, monitored, and maintained company networks, ensuring stable connectivity and secure access for employees
- Managed Windows and Linux servers, including updates, performance monitoring, and backup operations
- Built and assembled desktop PCs, workstations, and hardware setups tailored to company needs
- Organized and maintained internal databases (MySQL/MariaDB), including structure optimization and regular data checks
- Assisted in deploying and managing cloud-hosted services used across the company
- Troubleshot system issues and provided technical support to staff, improving overall IT efficiency
- Documented configurations, procedures, and network changes to ensure operational continuity

Waiter — Muerde La Pasta / Tea House
March 2025 – November 2025

- Provided customer service in a fast-paced environment
- Took responsibility for organizing the work of junior staff and ensuring service areas operated efficiently.
- Strengthened communication and multitasking skills

PERSONAL PROJECTS

Home Server & Cloud Environment

- Built and configured a personal server from scratch, running both Windows and Linux
- Deployed and managed multiple cloud services, including file storage, collaborative spreadsheets, and backups
- Hosted game servers (e.g., Minecraft) and automation workflows using n8n
- Set up databases and APIs to support an upcoming personal game project
- Gained practical experience in server management, networking, automation, and full-stack development

PROGRAMMING LANGUAGES

- JavaScript & Typescript
- Bash
- Powershell
- SQL
- C++
- GO

RECOMMENDATION LETTER (TRANSLATED)

David Galvez
CO IkosTech
Contact phone: +34 622 03 00 77
LinkedIn: https://www.linkedin.com/in/david-galvez-barrera-32716b310/

I am pleased to write this letter of recommendation for Miguel Ángel Almagro, who has worked as a developer at IkosTech from 04/01/2024 to 06/06/2024. During his time at our company, Miguel Ángel has learned very quickly and has shown eagerness to work at all times.

As a network administrator, he has been responsible for organizing, maintaining, and creating various company networks. He was also in charge of supervising and managing the accounts of the company's employees.

As a developer, he has been responsible for complementing his coworkers. His studies were not focused on programming, but in 3 months he has managed to catch up and help his other colleagues.

Miguel Ángel has always been very punctual and responsible with his work. He lacked a bit of experience, but I am convinced that by continuing his training and gaining more experience he will be a splendid worker.

If you would like more information about his performance, do not hesitate to contact me.

Sincerely,

David Gálvez
